EDUCATIONAL OBJECTIVES: By attending these activities, participants will learn new approaches to common and unusual pediatric illnesses and be kept abreast of current research. Practical Pediatrics focuses on subspecialty areas of interest to the pediatrician, and provides current information within those areas.

ACCREDITATION: Saint Louis University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CONTINUING MEDICAL EDUCATION CREDITS: Saint Louis University School of Medicine designates this activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

VALIDATION OF CONTENT: The course director of this activity has insured that the content of this presentation conforms to the ACCME policy requiring that (1) all recommendations involving clinical medicine are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients, and (2) all scientific research referred to, reported or used in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

FACULTY DISCLOSURE POLICY: It is the policy of Saint Louis University School of Medicine to insure balance, independence, objectivity and scientific rigor in its continuing medical education program. Faculty participating in these activities are required to disclose to the audiences prior to the activity the following:

The existence of any significant financial or other relationship with the manufacturer of any commercial product or provider of any commercial service discussed.

Their intention to discuss a product that is not labeled for the use under discussion.

Their intention to discuss preliminary research data.

For additional information, please contact the Department of Pediatrics, CME Program, at (314)268-2700 ext. 1607.
