**(Over)**

**PLEASE NOTE:** The fundamental course is designed for nurses with minimal experience in fetal monitoring (1 year or less). The advanced course is designed for nurses who have developed a professional practice that utilizes fetal monitoring interpretation skills. Contact hours will be awarded by the Missouri Nurses Association. Illinois programs are partially funded by the Illinois Department of Public Health. The AWHONN Courses are not introductory level courses and require a minimum of 6 months experience interpreting fetal monitor tracings. A separate brochure will be mailed out for the AWHONN programs.

**For registration or information call**
